

arroway *textures* stone - volume one

This collection contains 60 professional multi-layered textures (*187 individual maps*) in highest resolution (*up to 40 megapixel*) on two DVDs. Every texture consists of *diffuse*, *bump/displacement* and *specularity/glossiness/reflectivity* map - all available in lossless-compressed format (PNG 24bit/8bit).

The collection covers textures of the following categories:

Disc 1: *fieldstone* (page 2), *cobblestone* (page 6),

Disc 2: *weathered* (page 10), *classic* (page 12), *modern* (page 16).
